

NEWS RELEASE

For Immediate Release

Discover Advanced Document Imaging and Workflow Solutions from CDIT Inc. at the upcoming 2008 Financial Services Technology Forum

September 3, 2008 - Toronto, Canada – CDIT Inc. (CDIT), Canada's leading Enterprise Capture Consultant/Integrator, is pleased to announce its sponsorship of and participation in the 2008 Financial Services Technology Forum scheduled on October 28 & 29, 2008 at the Design Exchange in Toronto, Canada.

The Financial Services Technology Forum is the largest Financial Services Technology event in Canada; the leading global meeting place to learn about ongoing innovation and enterprise applications and solutions for the financial industry. Through interactive expositions and engaging conference sessions, the event focuses on leading-edge enterprise applications and solutions that are sustainable, flexible, and designed to increase profitability.

CDIT's Solutions, which will be presented and exhibited at the event, position financial services organizations to realize optimized organizational performance, increased productivity and profit margins, improved service delivery, greater sales volumes and increased market share, by streamlining the flow and management of information and knowledge within the organization.

CDIT's Solutions leverage leading-edge technologies including **Document Imaging, Workflow and Document Management** to improve the speed, cost, accuracy and efficiency of business transactions. It enables financial services organizations to receive and exchange information with anyone, anywhere, in any format while working within the business applications and IT platforms that they already know and use.

CDIT will be joined at the 2008 Financial Services Technology Forum by two of its industry leading technology partners — **Kofax, Inc.** (Kofax) and **Basware, Inc.** (Basware).

Kofax is the leading provider of Intelligent Capture & Exchange solutions, which provide a verifiable return on investment to thousands of customers in financial services, manufacturing, retail, government, healthcare, and other markets. Chad Bruffey, Vice President, Software and Solutions Sales, Kofax, will deliver an informative presentation on Distributed Document and Data Capture solutions for

the banking and financial services industry: from managing customer account data at multiple levels and in multiple offices to processing loan forms and mortgage documents.

Basware is the global leader in Enterprise Purchase to Pay and Financial Management solutions. Over 650,000 users depend on Basware software to automate business-critical financial processes. Jaakko Elovaara, Vice President, Basware Corporation, will deliver an informative presentation on Enterprise Purchase to Pay Solutions (EPP) for the financial services industry.

Receive a complimentary All-Access Pass (\$279 US value) to the 2008 Financial Services Technology Forum by registering now (use promo code CDIT) at <http://e-financial.wowgao.com/registration> or call 1-416-292-0038 ext. 812 and be sure to visit CDIT at the event at Booth 100.
